Mrs M Wood

Dear Parent/Carer,

Re: Behaviours/safeguarding/well-being

We take the behaviours of safety and well-being very seriously at Lodge Park Academy.

We have had to deal with a number of behaviours that are unacceptable in the academy this week. We have zero tolerance of these behaviours as you know, and expect the highest standards of behaviours from all students. We expect **respect** from our students towards our staff and other students and members of the public.

On Monday we will be holding assemblies for all our students in period one and will be letting them know of our standards and behaviours in lessons, around the school and out in the community.

We have the highest regard for our local community and do not wish to see our academy brought into disrespect.

Therefore we do not tolerate:

- Swearing
- Verbal and physical abuse
- Fighting and threatening behaviours
- Damage to school property

We will not hesitate in excluding your son/daughter if he/she is found guilty of any of the above. Please see our behaviour policy.

Thank you for your co-operation and understanding in this matter so that we work together to improve our standards of behaviour and achievement at Lodge Park Academy.

Yours sincerely

Mrs M Wood  
Principal  
Lodge Park Academy
